ALAN B. PEARSON REGIONAL CANCER CENTER IN ASSOCIATION WITH HKS, INC.

Construction of a new 2-story, 76,188 square foot outpatient treatment center - oncology and radiation therapy for CENTRA Health. Medical equipment included 2 vaults for linear accelerators, CT scan, x-ray and infusion spaces, as well as examination rooms, offices, lab and support spaces. An extensive healing garden was provided. Value engineering services were provided at the Owner's request.
