## PYRAMID HEALTH CENTER

IN ASSOCIATION WITH CRADDOCK-CUNNINGHAM ARCHITECTURAL PARTNERS  
NATIONAL REGISTER OF HISTORIC PLACES - BUILDING #07001140

This was a creative adaptive reuse project that rehabilitated 21,523 square feet of the original, art deco Pyramid Motors car dealership building constructed in 1937. The building has been renovated to the extent required for qualifying state and federal tax credits for certified historic structures. Skylights, old windows, and cement floors were preserved and restored to enhance the area for a pediatric and obstetric medical clinic, as well as a PACE facility for the elderly.
